**It is essential that anyone looking to participate uses the same ammunition (calibre, projectile, type, muzzle velocity, manufacture), rifle and optic combination throughout the programme. A rifle with a calibre of any .22/5.5mm centrefire is a minimum requirement.**

**Maximum calibre is .32/8mm. Due to the range template and approvals for ANZAC Range, large centrefire magnum calibres are not permitted. It is strongly recommended that intending participants bring:**

- **Notebook and pens**
- **Water**
- **Eye protection**
- **Hearing protection**
- **Enclosed footwear**
- **Sunscreen/Hat**
- **Collapsible chair (optional)**
- **Basic cleaning kit**
- **Shooting mat**
- **Rifle (minimum 22/5.5mm cal CF, maximum 32/8mm cal, no large CF magnums)**
- **Bipod or other front rest**
- **Rear rest**
- **Optic sight (mounted)**
- **Spotting scope (preferred but not essential)**
- **Ammunition, minimum 80 rounds for programme (2 x 40 rounds), all of the same calibre, projectile, type, muzzle velocity, manufacture**

**In order to get maximum benefit from the programme, all shooting will be from the prone position, in the absence of physical requirements of individual shooters. We ask intending participants to commit to the whole programme**
